

GOOGLE.ORG IMPACT CHALLENGE: TECH FOR SOCIAL GOOD 2023

Let's help create a more resilient Europe

Introduction Meet the organisations Experts

The **Google.org Impact Challenge: Tech for Social Good** provided €16M in funding and technical help for European organisations with projects focused on sustainability, economic opportunity or cyber security.

We are delighted to announce the selected projects for the
Google.org Impact Challenge: Tech for Social Good.

Each of these projects will receive funding and up to 6 months of full-time pro bono technical support from the **Google.org Fellowship** - a programme that provides organisations with a team of Google employees who work alongside the organisation's staff to build scalable solutions with lasting impact.

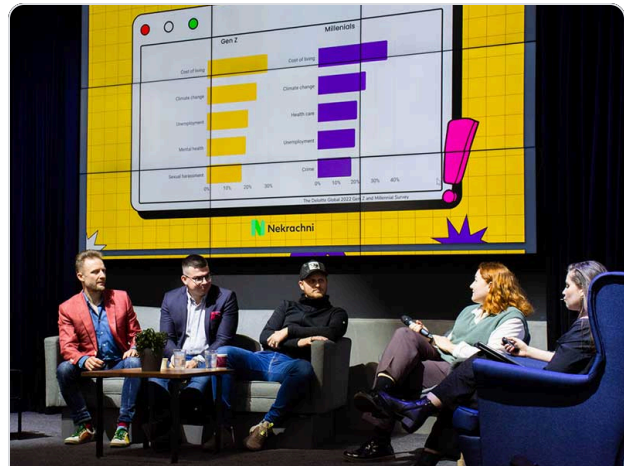

GOOGLE.ORG FELLOWSHIP + FUNDING
(SPAIN)

Asociación de Personas con Movilidad Reducida
